

# Declaration of Sovereignty

Notice to Agent is notice to Principal - notice to Principal is Notice to Agent

I am a Sovereign living breathing Woman. I am an endless eternal Spirit in human form - nothing stands between I and the One Infinite Creator. I hereby declare to be in Truth a Sovereign Woman standing on the Land, in full control of Air and Water. This is my timeless, universal and intrinsic heritage under Natural Law that no man or beast can dispute. I own my Soul, Spirit and Body in which I live and reside. I own my Name, that was given to me :Marianne-Borchgrevink of the house of Clausen. Also written on paper as :Marianne-Borchgrevink: Clausen.

I am Sovereign - my own Sovereign Country without Subjects and without Borders. The ground on which I stand is my Sovereign Land at all times and I only comply to Natural Law Jurisdiction. My standing in Law is that of the Acephali. The standing Ace - the Daughter of the One Infinite Creator. I am not a creature, not the colour of man, not a corporation, not a legal fiction or any other fictitious product of commercial enterprise and hence not subject to its private water law jurisdiction.

If I wish to enter into commerce I only do so willingly, with full closure of contract, in writing on paper, certified by a Notary Public of my choice using the Trade-Name which is my registered property: MARIANNE BORCHGREVINK CLAUSSEN©. I have the only Power of Attorney in Fact to transact, negotiate and judge in matters of private or public Commercial Contracts through my registered property Trade-Name.

As a Sovereign Woman I have power over any corporation, legal fiction, trust and other commercial entities. They must at all times obey my Command for this simple and true reason: they are fiction, artificial entities operating in a lower jurisdiction and serve Me the living Woman at all times and all places in all matters!

I hereby declare Peace on Earth. I live on this Planet Gaia in respect of all living biological sentient beings and mean no harm. I have only Love in my Heart for my Fellow Men and Women. My hopes are those of Prosperity, Peace and Love for all living beings. Make no mistake - if you attack me, threaten my life and well being, those I Love or my Property - you will meet a fierce Warrior and a swift consequence of your wrongdoing! I have the right under Natural Law to defend my Body, Mind, Spirit, Soul, Property, Lands and Loved Ones against any and all attacks terrestrial or non-terrestrial from this or other dimensions.

:Marianne-Borchgrevink: Clausen.
